Career Objective

Computer Science Engineering student skilled in Java, SQL and Machine Learning. Seeking a Software Engineer role to apply technical skills, build real-world solutions, and grow through hands-on experience with modern tools and frameworks.

Education

Bachelor of Technology (B.Tech) – Computer Science and Engineering

Sept 2023 – June 2027

Galgotias University, Greater Noida, Uttar Pradesh

CGPA: 8.05

Senior Secondary Education

2023

Himgiri Public School, Panipat , Haryana

Percentage: 74%

Secondary Education

2021

Himgiri Public School, Panipat , Haryana

Percentage: 93%

Skills

- **Programming Languages:** Java
- **Web Technologies:** HTML, CSS
- **Databases:** MySQL
- **Tools & Frameworks:** Git
- **Soft Skills:** Problem Solving, Teamwork, Communication

Projects

Sonar Rock vs Mine Prediction

Feb 2026 – March 2026

Python,MySQL

- Built a machine learning model to classify underwater objects as Rock or Mine using sonar signal data.
- Performed data preprocessing and feature analysis on a dataset containing 60 sonar signal attributes.
- Implemented Logistic Regression using Python and Scikit-learn for binary classification.
- Split dataset into training and testing sets and evaluated model performance using accuracy metrics.

Internship

Java Developer Intern

July 2025 – Sept 2025

- Developed a Morse Code Converter application using Java to translate English text into Morse code and vice versa.
- Implemented string processing and mapping techniques using data structures such as Hashmap for efficient character to morse conversion.
- Applied object-oriented programming (OOP) concepts in Java to organize and structure the application.

Achievements

- Solved 500+ DSA problems on Across multiple Platforms.
- Oracle Certified: SQL Programming.
